

地 產 代 理 監 管 局  
ESTATE AGENTS AUTHORITY

Dear Licensees,

**Re: Public statement and document issued by  
Financial Action Task Force**

The Estate Agents Authority (EAA) attaches great importance to licensees' adopting measures to help combat money laundering activities. In order to continue to keep licensees informed of the latest information of the Financial Action Task Force (FATF), this notice is now posted in the EAA website.

Subsequent to the FATF Plenary held on 15-19 October 2012, the FATF issued a public statement and a document titled "Improving Global AML/CFT Compliance: On-going Process". The EAA encourages licensees to have a deeper understanding of the subject by reading the above public statement and document.

You may read the public statement and the document on the FATF's website: <http://www.fatf-gafi.org>
