ESTATE AGENTS AUTHORITY

Dear Licensees,

**Re: Public statement and document issued by
Financial Action Task Force (FATF) in October**

Subsequent to the FATF Plenary held on 14-18 October 2013, the FATF issued a public statement and a document titled “Improving Global AML/CFT Compliance: On-going Process”.

The Estate Agents Authority (EAA) attaches great importance to licensees’ adopting measures to help combat money laundering activities. The EAA encourages licensees to have a deeper understanding of the subject by reading the above public statement and document on the FATF’s website (<http://www.fatf-gafi.org>). In order to keep licensees informed of the latest information of the FATF, this notice is posted in the EAA website.
